## Disaggregation Updates

### Age Group (Disaggregation)

#### Data Views Impacted:

- **Single Metric View: First-Time Non-Special Admit Students**
- **Single Metric View: CAEP Adult Learners**

*Issue Fixed:* Bug fixed that was occurring with the “Age” disaggregation. The error limited the age subgroups in both the CAEP Adult Learners & First-Time Non-Special Admit Students student groups within the Single Metric View.

*Impact:* All “Age” subgroups are now populated in the Single Metric View for the First-Time Non-Special Admit Students and CAEP Adult Learners student groups.

## Metric Updates

### Metric Impacted: 416A Time to Completing a Transfer-Level English Course for the First Time

#### Data Views Impacted:

- **Single Metric – CAEP Adult Learners**
- **Metric Themes – CAEP Adult Learners**

*Issue Fixed:* An incorrect number of students were included in the mean calculation for this metric. Patch fix 2.1.1 addressed this issue; however, it only impacted our snapshot metrics. This patch fixes the incorrect mean calculation for our cohort and adult education metrics.

*NOTE:* We continue to investigate inconsistencies to the Age and Race/Ethnicity drill down in Adult Education (CAEP) metrics (#416 & #417), which impacts adult education consortia members who are using age- and/or ethnicity-based demographics for planning purposes.

## **Metric Impacted: 417A Time to Completing a Transfer-Level Math Course for the First Time**

### **Data Views Impacted:**

- **Single Metric – CAEP Adult Learners**
- **Metric Themes – CAEP Adult Learners**

*Issue Fixed:* An incorrect number of students were included in the mean calculation for this metric. Patch fix 2.1.1 addressed this issue; however, it only impacted our snapshot metrics. This patch fixes the incorrect mean calculation for our cohort and adult education metrics.

*NOTE:* We continue to investigate inconsistencies to the Age and Race/Ethnicity drill down in Adult Education (CAEP) metrics (#416 & #417), which impacts adult education consortia members who are using age- and/or ethnicity-based demographics for planning purposes.

## **Metric Impacted: 610S Students in Selected Student Journey Who Attained Apprenticeship Journey Status**

### **Data Views Impacted:**

- **Single Metric – Non-Special Admit Students**
- **Metric Themes – Non-Special Admit Students**

### **Student Groups Impacted:**

- **All Non-Special Admit Students**
- **Adult Education or English as a Second Language Students**
- **Short-Term Career Students**
- **Degree/Transfer Students**
- **Undecided Students**

*Issue Fixed:* Data has been refreshed to incorporate the latest DAS data, including updates for the new year.

*Impact:* During our 2.0 release, Department of Apprenticeship Standards (DAS) data for the 2023–24 academic year was not yet available. With this patch, the 2023–24 data for this metric has now been included

## **Metric Impacted: 613S Average Number of Semester Units Accumulated by All First-Time Associate Degree Earners**

### **Data Views Impacted:**

- **Reports & Insights - Comprehensive Student Report**
- **Reports & Insights - Vision 2030 Report**
- **Single Metric – Non-Special Admit Students**
- **Metric Themes – Non-Special Admit Students**

### **Student Groups Impacted:**

- **All Non-Special Admit Students**
- **Adult Education or English as a Second Language Students**
- **Short-Term Career Students**
- **Degree/Transfer Students**
- **Undecided Students**

*Issue Fixed:* An incorrect number of students were included in the mean calculation for this metric. While patch fix 2.1.1 addressed the issue for our snapshot metrics, some errors persisted. Patch fix 2.1.2 resolves these lingering issues, ensuring accurate mean calculations.

*Impact:* When selecting certain disaggregations for this metric—such as Ethnicity: Multiple Values Reported—you may have previously seen disparate or unusually negative values. These have now been corrected, resulting in a more consistent and accurate line graph.

## **Metric Impacted: 613C Average Number of Semester Units Accumulated by All First-Time Associate Degree Earners in the Cohort**
