Calculations	235C All first-time cohort students who met the following criteria: Enrolled in a CSU, UC or any private or public in-state or out-of-state four-year institution WHERE [(segment IS IN (CSU, UC, ISP, OOS) AND tfr_in_inst_type = 4 in the transfer bucket) AND at any time up to and including the end of the 4th year following the first term of entry in the cohort with preceding summer term enrollment treated like fall term enrollment WHERE GI03 is 4 years after first term of NSA credit enrollment for 4 year cohort timeframes o 620C3 is any time from the first term of NSA credit enrollment to 4 years later WHERE YY5 is same as YY7 and YY6 is same as YY8] AND count students at any college where enrolled as a 122C student in the selected year with no enrollment anywhere in the CC system in the following year and who completed 12 or more units at any time in the CC system
Denominator	235C Cohort Students Who Earned 12 or More Units at Any Time at Any Community College and Who Exited California Community College
Value Type	Percentage and unduplicated count of students

Notes	<ul style="list-style-type: none"> Information displayed will continue to be updated for this metric as students are found to meet the criteria in the metric definition. Since the timeframe for data collection to construct this metric within this cohort view is still open, the data displayed for these metrics will continue to be updated. Since this transfer metric is included in the 2022 Student Equity Plan (SEP), it has retained the metric 235Cx as the denominator which includes only first-time cohort students who exited the CA community college system and who earned 12 or more units at any time and at any college up to and including the year prior to transfer. Therefore, values will be exactly the same as 650Cx where the denominator is 122C first-time cohort students and the exiting and 12+ units earned requirements have been moved up to the value calculation per Chancellor's Office decision. This metric is aligned to the original SCFF definition. However, it will not align to the 2021-22 SCFF definition where the 12 or more units have to be earned in the district in the selected year prior to transfer Only students with valid social security numbers can be tracked All colleges where a student is enrolled in the selected year prior to transfer will receive credit for that transfer If a student shows up as a transfer student in two different transfer categories (i.e., CSU or UC and out of state) then that student is counted in both categories

Notes	<ul style="list-style-type: none"> ● Students need to have completed a total of at least 12 units in the timeframe up to and including the end of the 3rd year following the first term of entry in the cohort with preceding summer term enrollment treated like fall term enrollment at any California community college. ● In the new SCFF, it is required that the 12 or more units are earned in the district in the selected year prior to transfer. ● For students who have taken a mixture of classes at colleges on semester and quarter systems, quarter units will be multiplied by 2/3 to equate to semester units for colleges on semesters, and semester units will be multiplied by 3/2 to equate to quarter units for colleges on quarters ● Per the MIS DED for SX03, by eliminating 8888 and 9999 values for SX03, the following sections are excluded : <ul style="list-style-type: none"> ○ Any noncredit section where CB04 = N ○ Any credit section where CB04 is in (C,D) and where SX04 is reported as "UG", "UD", "W", "MW", "DR" or "SP" ○ Any credit section where CB04 is in (C,D) and where SX04 is reported as "I*", "IP", and "RD" ● Metric is the denominator for 620C
